Mrs. H. J. Cutler is at home with her parents, Mr. and Mrs. B. W. Hooker. Dr. Cutler has sailed for overseas duty.

Miss Dorothy Campbell of Hardwick is visiting for a few days at the home of Miss Irene Lander of South Main street.

Harold W. Bigelow of Washington passed through the city yesterday while on his way home from a visit in Burlington.

Mrs. Carrie M. Lee of Tremont street returned to Barre yesterday afternoon, after passing several days with relatives in Burlington.

Clarke Connor, a student at Goddard seminary, left last evening for Waterbury, Conn., where he will spend a few days at his home.

Peter Morgan of Ayers street, who has been employed by Barclay Bros. for several years, has entered the employ of the Oldsmobile company.

Regular meeting of Bright Star Rebekah lodge, No. 18, Wednesday evening, April 3, at 8 o'clock. Initiation. Light refreshments will be served.

Harris Soule, a student at Goddard seminary, left the city this morning for his home in Fairfield, where he is to remain during a part of the sugaring season.

William Murray of Spaulding street, who has been employed as a fireman at the plant of Barclay Bros., left this morning for a stay of indefinite length in Kingston, N. Y.

J. Elliott Stoughton of Cherry Valley, N. Y., a former resident of Barre, is visiting in the home of his mother, Mrs. Ellen L. Stoughton of French street, while passing a week in the Barre granite belt on business.

Louis Frattini of Foss street, who is taking a week's vacation from his duties in the office of the National Life Insurance Co. at Montpelier, left this morning in company with A. Mistrangelo, for a visit of several days with relatives in New York.

The patriotic concert at the Congregational church Friday evening will be a treat for all. We will hear the old songs that we have always loved and new ones that we will love, illustrated by tableaux and recitations. Nothing cheap but the price.—adv.

Extensive repairs are being made to the heavy plate glass windows which front the Daylight store on North Main street. The action of wind and rain, was found, undermined the window supports, and metal covered moulding has been laid as a substitute.

A regular meeting of the Barre branch, American Red Cross, will be held on Wednesday evening, April 3, in the Aldrich library building at 7:30 o'clock. There is much important business to be attended to and a large attendance is desired. Evelyn M. Drew, Sec.

Lieut. George S. DeMerrill, who has been visiting during the past few days at the home of Mr. and Mrs. Charles Brown of Jefferson street on a short leave of absence, returned last evening to Washington, D. C., where he is stationed as a member of the ordnance department of the U. S. army.

An honor roll enclosed in a mahogany frame has been hung in the rooms of Granite lodge, F. and A. M., to commemorate the members of the organization who have volunteered for service in the army and navy. The roll accompanies the service flag recently dedicated by the Masons, and is inscribed with the names of the lodge members in uniform. Charles Brown of Jefferson street on a short leave of absence, returned last evening to Washington, D. C., where he is stationed as a member of the ordnance department of the U. S. army.

Some concern is felt at the Perry Auto company's garage on Washington street over the whereabouts of the seven men who left the establishment last week for Buffalo, N. Y., expecting to return overland with a consignment of Ford cars. The outfit is overdue, but members of the company are making allowance for rough roads, and while the chauffeurs were expected home yesterday, it will not be surprising if they do not arrive until to-morrow.

A list of honors given out April 1 at the University of Vermont at Burlington contains the name of Frank Lawless, son of Mr. and Mrs. Richard Lawless of South Barre, who was a member of the graduating class at Spaulding high school last June. Mr. Lawless is a member of the freshman class, he being enrolled in the pre-medical department, and out of a class of 125, Mr. Lawless was one of 15 who were awarded the second honor, while there were two students in the class who were awarded the first honor.

News has been received in Barre of the death of Alexander Scotland, of Robert Simpson, a long-time resident of Barre, who passed away recently in an Aberdeen sanatorium after a lingering illness. Older granite cutters in Barre and many of the younger men in the trade have warm recollections of Mr. Simpson, who for more than 30 years was an employee of Marr & Gordon. Soon after the outbreak of the European war Mr. Simpson abandoned his residence in Barre and left for Scotland, arriving in the home of his birth early in 1915.

A very delightful evening was spent at the home of Dr. and Mrs. L. D. Martin of 11 Averill street last night, the occasion being a song recital given by pupils of Miss Carolyn M. Richardson of Montpelier. The fine rendition of the various numbers of the program showed the results of hard, intelligent study, and praise is due Mrs. Richardson's ability as a teacher. Mrs. Dean H. Perry accompanied most of the young soloists. The pupils who participated were: Olive Canton, Emma Slayton, Doris Eastman, Dean Davis, Margaret Woodruff, Doris Burke, Corinne Eastman, Alice Murray, Lorraine Loranger, Hildreth Martin.

The passion play as it was depicted by the natives of Oberammergau in 1910 was described in narrative fashion with the aid of stereoscopic views at the First Presbyterian church last evening, when the pastor, Rev. Edgar Crossland, told of his observations as a sightseer when the great tragedy was last enacted by the Swiss. The occasion was one of a series of monthly meetings held by the Men's club, and its guests for the evening were the ladies. A remarkable showing of passion play scenes on the screen added materially to the clergyman's forceful story of the Oberammergau acting. With one exception since 1640 the passion play has been presented every 10 years by the Oberammergau folk. The theatre holds 5,000 people and an entire day is required for a single performance. After the lecture the members of the club served refreshments to their guests.

Excavation for the proposed new garage which G. A. Paquet expects to erect near the corner of Summer and Merchant streets is held up pending the preparation of specifications which the promoter of the project must furnish the aldermanic fire committee before work on the superstructure can be gotten under way. Fewer dogs than usual had been licensed when the time for profiting by the low-fee schedule expired April 1. At the city clerk's office the returns show a shrinkage of dog flesh in the city limits, although it is possible that the number of dog owners who have failed to license before the first of the month will purchase dogs enough in the next six weeks to bring the aggregate up to the average of other years.

Bicycle riding on the sidewalks has been added to the nuisance classification, and unless offenders of this stripe quit the concrete for less frequent paths, the police will make an arrest or two. Riding on the sidewalks recurs each spring as the ice and snow disappear, and usually the officers have to make an example of a few of the offenders before the practice is abandoned. Yesterday a man who objects to sidewalk riding counted no less than seven cyclists wheeling past pedestrians, but no complaint was received at police headquarters.

### TALK OF THE TOWN

Who buys cattle? A Tomasi. There will be a quarterly meeting of the Hospital Aid association at the hospital Friday afternoon, April 5, at 3:30, and all members are requested to attend if possible.

A well attended meeting, considering the condition of the roads, was held at Cobble Hill grange last evening. One application for membership was received. If there are any others who would like to join in the May class, be sure and have the applications in at the next meeting, which will be held April 16. The following program was given: Song, grange; paper, "Maple Sugar Making," Tracy; Carpenter; "Marketing Maple Sugar," E. K. Hutchinson; reading, "Where the Sugar Maples Grow," Harold Baneroff; "Maple Sugar Recipe," Mrs. Luther Nelson; current events, George Owen; four-minute talk, Ralph Winter; song, "America," grange.

Yesterday afternoon in Howland hall, at the regular business meeting of the Barre Woman's club, Mrs. Oliver C. Ashton of Rutland spoke upon the subject of building furrough houses for our soldiers in France. This project has recently been taken up by the General Federation of Women's Clubs in the country and to it the clubs in the different states, through their several directors, are responding loyally. It is to be a special work of the clubs and meets a plan that has not been met before. The plan is outlined in such a way as to make the assistance general and each club woman is asked to give, if possible, \$1. This request brings with it no actual obligation but should rather be considered as a privilege. In regard to the work already done, Mrs. Ashton reported having received a letter from one club which sent its full quota, saying it had hurried because they wished to be the first club in Vermont to send its full amount. She replied by saying that already five clubs had sent in their full sum. The Barre club voted to assume its share in the undertaking and a volunteer committee of 10 members was immediately organized for the work here, which is to be accomplished by April 15.
